

## **PHASE Associates is proud to announce our**

1997-2017

# Thanks to you, this April will mark 20 years of service!

# PHASE Associates is proud to announce the use of a new laboratory vendor as TRI Air Testing, Inc.

This laboratory is well known for their third party analytical testing specializing in respirator supplied breathing air and compressed air used in mechanical equipment/processing. PHASE Associates will conduct and collect samples onsite and TRI Air Testing will analyze the samples.

TRI Air is an AIHA Accredited Laboratory and ANSI/ISO/ASQ 9001-2008 & ISO 17025-2005 Compliant.

TRI Air Testing serves many of the same industries as PHASE Associates which makes it a perfect fit. Such industries include manufacturing, pharmaceuticals, fragrances and foods/beverages.

The enhanced benefits with using Tri Air Testing include:

- Lower costs to our customers
- Much quicker turn-around time

# What are your next steps?

**For more information, contact <u>PHASE Associates</u>** if you need your supplied breathing air or process/equipment compressed air tested for OSHA and/or FDA compliance purposes.

#### In the News

• OSHA Recordkeeping Reminder:

The 2016 Summary of Work-Related Injuries and Illnesses (Form 300A) must be posted in workplaces from

**February through April**. For more information go to the <u>OSHA</u> website and contact <u>PHASE Associates</u> to answer any questions.

 Proposed legislation was recently introduced by the House that would make permanent <u>OSHA's Voluntary</u>
<u>Protection Programs (VPP)</u>. <u>PHASE Associates</u> has experience with providing support for firms seeking initial and renewal OSHA VPP approval certification.

- March 2017 will now be recognized as <u>National Ladder Safety Month</u>, according to The American Ladder Institute (ALI). We can perform the training and conduct fall protection assessments.
- **US Labor Department** proposes delay to **beryllium rule** effective date.
- National Safe + Sound Week, June 12-18, 2017, sponsored by NIOSH, OSHA, AIHA and ASSE to promote EHS programs. PHASE Associates can help you plan and coordinate appropriate EHS programs and training specifically conducting noise dosimetry, sound level mapping and sound level monitoring.

# **Upcoming Events**
